The Club

Shoreditch Arts Club is located at 06 Redchurch Street, within the iconic TEA building, a 1930's warehouse with large industrial windows facing the cobbled Boundary Street.

There are multiple spaces in the club that can be catered to different events. The airy double-height lobby is perfect for a drinks reception, framed on the left by a large wall that can also host projections. The first floor is defined by three projection walls hosting moving images to backdrop any event using your branding, video content or customised projection mapping. A cozy 24-seat cinema in the back of the club offers an intimate setting for private screenings, Q&As or presentations.

Two multifunctional rooms situated in the wings are designed for private dining experiences. Each room can also be used as a board room, with large concealable screens ideal for client presentations, video conferences and roundtable events.

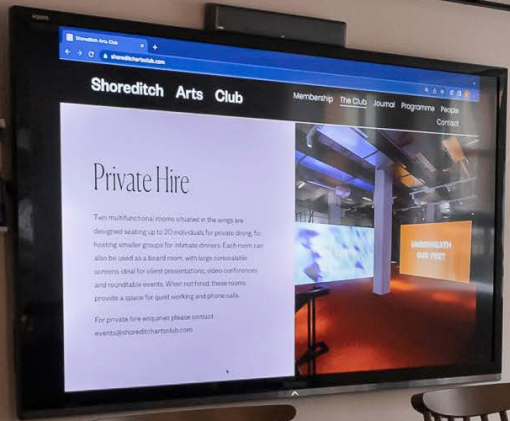

[Take a 3D tour of the club](#)

Private Hire

Two multifunctional rooms situated in the wings are designed seating up to 20 individuals for private dining, for hosting smaller groups for intimate dinners. Each room can also be used as a board room, with large convertible screens ideal for client presentations, video conferences and roundtable events. When not hired, these rooms provide a space for quiet working and phone calls.

Kitchen and Bar

Sustainability is at the heart of our kitchen which, led by our in-house chefs Mattia Luminelli and Davide Morganti, is rich with Mediterranean influences. Seasonal leaves, herbs, and other local organic garden ingredients inspire our innovative menus to offer plenteous vegan and vegetarian dishes and we will gladly cater to your requirements for breakfast, lunch or dinner.

Behind the bar, a unique and creative cocktail menu has been created by the team led by our award-winning mixologist Walter Pintus to complement a low intervention wine list, kombuchas, cold pressed juices, and CBD infused wellness drinks.

(Sample Menu)
